CAREER OBJECTIVE

To secure a position as a full stack developer in an environment that will allow me to utilize my skill, as well as learn and progress my knowledge of the field.

QUALIFICATIONS SUMMARY

Backend developer with knowledge of many diverse architecture development environments. Extensively communicated and worked with front–end developers to produce solutions.

EXPERIENCE

Department of Human Services, Salem, OR — *Data Analyst and Administration Volunteer*

JANUARY 2017 - PRESENT

Worked with a small team at Department of Human Services: Oregon Training and Investigation Services. Primary tasks were database administration as well as database architecture design. Used SQLServer extensively, and worked with analysts for further analytical tasks.

Oregon Fruit Products, Salem, OR — *Forklift Driver*

JUNE 2013 - AUGUST 2018.
